PROFESSIONAL SUMMARY

Flutter mobile app developer with hands-on experience building cross-platform applications using Flutter, Dart, Reactjs, MongoDB and Firebase. Skilled in REST API integration, state management, authentication, and responsive UI design. Experienced integrating IoT hardware (Arduino, RFID, load cells) and machine learning features into mobile applications. Published researcher in AI-driven retail technology, with a strong focus on scalable, high-performance, user-centric app development.

TECHNICAL SKILLS

- Programming Languages: Dart (Flutter), Python, C, Reactjs
- Mobile App Development: Flutter, Android Studio, Firebase, REST API Integration, Speech Recognition, Barcode Integration, Load Cell Interfacing
- Backend, Cloud & 3D: Firebase (Firestore, Auth), MongoDB, Google Cloud, SQLite, Blender
- Robotics, IoT & Embedded: ROS, ROS 2, NVIDIA Isaac Sim, NVIDIA Jetson Orin Nano, Raspberry Pi 5, Raspberry Pi Pico, ESP32-S3, Arduino, RFID, Load Cell + HX711, Sensor Integration
- Additional Tools: App Deployment (Play Store), Machine Learning Integration, Power BI, Git/GitHub

PROJECTS

- Smart Trolley — AI-Enabled Voice Billing & Security System
- Rydr — Real-Time Group Cycling Navigation App
- FakeX — Fake Certification Detection (Mobile + Web Prototype)

ACHIEVEMENTS

- Best Oral Presenter — Maldives SMART 25 International Conference
- Best Paper Award — Maldives SMART 25 International Conference

PUBLICATION

AI-Powered Smart Shopping Trolley — Research Paper

- Authored a paper detailing the design and implementation of a Flutter-based smart retail trolley using Firebase, NFC, IoT, and BLE technologies.
- Covered secure authentication, automated billing, AI-driven product recommendations, child-safety geofencing, and real-time analytics.

INTERNSHIP EXPERIENCE

Robotic Innovation Intern

Thanas Tech, Tirunelveli

- Designing and assembling hardware prototypes, sensor modules, and actuator assemblies for automated systems..

AI Intern

Softtrate Tech Park, Chennai

- Built computer vision applications and data processing pipelines as part of applied AI project work.

Python AI Intern

Infosmite, Tirunelveli

- Focused on machine learning model development and deployment, gaining practical experience in the ML lifecycle.

EDUCATION

B.Tech, Artificial Intelligence & Data Science

2023 – 2027

Francis Xavier Engineering College | CGPA: 8.05 / 10.00

Higher Secondary Education (Computer Science, Maths)

2022 – 2023

Francis Xavier School, CBSE | Percentage: 74.6%
